

# Updating **your** **Identification** Records

Scotiabank is required to keep our customers' information current. We would be grateful for your help in updating your identification records, if you have not done so within the last two (2) years.

Please visit your nearest branch to provide:

- Two (2) forms of picture ID
- Proof of address (a recent utility bill)

We appreciate your co-operation in helping us meet this important requirement. Thank you!

**It starts with you.™**
