

SCOTIABANK (BARBADOS) LIMITED

February 28, 2025

Discontinuation of processing of USD cheques drawn on Canadian banks.

Effective March 31st, 2025, Scotiabank's US Head Office will no longer support the processing of USD Cheques drawn on Canadian banks which are deposited by Scotiabank's clients in Barbados.

What does this mean?

If you receive USD cheque payments from a Canadian Bank, you will no longer be able to deposit these cheques into your Barbados dollar account.

No need to worry – you can receive your funds via wire transfer. With the advancement of technology, the use of wire transfers has become more prevalent and is a more convenient, secure and a faster option for you to receive your funds.

If you currently have USD cheques from a Canadian bank on hand, we encourage you to deposit them as soon as possible to facilitate its clearance. Any cheques received after March 31st, 2025 will be returned.

We're here to help.

Need more information on wire transfers? Visit [here](#) on our website for details on routing instructions. Our branch representatives are also available to guide you should you have any questions or concerns, and you can stay tuned to bb.scotiabank.com for any further updates.
