

Keeping your accounts & financial information safe & secure.

At Scotiabank, we're committed to keeping your accounts and financial information safe and secure.

In today's world, various types of fraud exist and to help protect yourself, you should never respond to messages that ask for confidential bank information. Scotiabank will never send you unsolicited text messages asking for confidential information such as your ATM PIN.

Also, when using your ScotiaCard, use it at reputable locations, never let the card out of your sight and use the PIN pad discreetly.

If you suspect that fraudulent activities have taken place with your accounts, please reach out to the Bank immediately at **(246) 426-7000**
