### Scotiabank helps All Saints' Primary School with a new Multi Purpose Sporting Facility.

At Scotiabank, we believe our success is inherently tied to the success of the communities in which we operate. We are guided by our purpose: for every future and are committed to making an impact and investing in a better future for everyone.

For our young people, we know that how we support them today can prepare them for tomorrow, and that's why we want to help them thrive and provide them with the opportunity to succeed.

In 2019, All Saints Primary School won the Scotiabank Concacaf NextPlay Cup here in Barbados. As a result of your success at the competition, the School was able to use its winnings towards enhancing its football offerings/programmes and opted to put the US\$16,000 towards the new multi-purpose facility which was opened on June 8, 2022. In addition to football, several other sports can be played, for maximum benefit to all children at the School.

By providing this type of investment, Scotiabank seeks to have a meaningful impact on its communities and promote spaces where children and youth can come together, reinforce life skills and values, and work for a better future.
